Brothers, Sisters

The Unifor Québec and Ontario Joint Negotiation Committees met with the employer BGIS, Brookfield Global Integrated Systems this week in Montreal.

The parties exchanged their proposals and we worked on the non-monetary demands with the employer.

We will reconvene bargaining in Montreal on April 23, 24, 25 and 26.

We will keep you informed by this type of Bargaining Update after each round of negotiations with the employer.

**Our strength is in your Solidarity!**
