

## **Bargaining Update BGIS O&M Solutions TECHNICIANS**

---

Brothers, Sisters

After several days of intense negotiations in Montreal, a tentative agreement was reached on April 26, 2018 by the joint Ontario / Quebec Committee to renew the current Collective Agreement.

The Unifor Bargaining Committee did a great job and we kept the needs of the members at the center of the negotiations.

The Negotiating Committee recommends acceptance of the tentative agreement.

Details & Voting on the agreement will be conducted following the ratification meeting / conference call on Wednesday May 2, 2018 at 12:00 noon. Conference call number will be e-mailed out to you.

For those on the conference call, electronic voting will be made available and explained on the call.
