BARGAINING BULLETIN #1

Brothers,

Your bargaining committee began this recent round of bargaining with BGIS last week. We are on our 4th day of negotiations and we have made progress on the non-monetary issues.

We will resume bargaining on March 17-18-19th 2021 and we believe we are on track to begin discussion on the monetary issues.

We will keep informed of the progress of the negotiations.

We thank you for your support and your solidarity.
